SAN FRANCISCO--(BUSINESS WIRE)--May 15, 2018-- Today, Zynga Inc. (Nasdaq: ZNGA), a leading social game developer, announced the launch of the *Words With Friends 2* Royal Social Dictionary, an extension of last year's pop culture inspired Social Dictionary, which added more than 50,000 new playable words. Curated by "The Royals" actress Elizabeth Hurley, the *Words With Friends 2* Royal Social Dictionary gives Brits and non-Brits alike, a novel way to celebrate the pomp and circumstance of Prince Harry and Meghan Markle's nuptials from the palm of their hands. The launch of the new Royal Social Dictionary introduces never-before-playable words stemming from popular British slang including Bagsy, Blimey, Skive, Knackered, Clanger, Gobsmacked, and Harkle, a playful portmanteau in honor of the soon to be wed, Harry and Meghan.

"Growing up in the UK, we used our own version of slang words to describe common things as a way of emphasizing our feelings in conversation. I was so honored to serve as Royal Ambassador to the team behind *Words With Friends 2*, to curate the Royal Social Dictionary," says Elizabeth Hurley. "My hope is that more people will become familiar with the expressions we chose for the game, enjoy them with their friends, and that I won't have to explain what 'knackered' means to my American castmates any longer!"

As a follow up to the largest dictionary update in *Words With Friends* history, the Royal Social Dictionary playfully captures the essence of British culture while the world's attention is focused on the Royal Wedding.

"We share the world's excitement for the upcoming Royal Wedding and we wanted to give our fans a fun way to celebrate the coming H-A-R-K-L-E nuptials through our unique take on language and word trends," said Bernard Kim, President of Publishing, Zynga. "We knew Elizabeth would be an A-C-E extension of our team to ensure the new *Words With Friends 2* Royal Social Dictionary captured the charm and wit of British culture."
