## FORWARD-LOOKING STATEMENTS

---

This presentation contains forward-looking statements, including those statements relating to our outlook for the third quarter of 2018 under the headings "Q3 2018 Financial Guidance" and "Q3 2018 Financial Guidance: GAAP to Non-GAAP Reconciliation" and our related estimates and assumptions, including, among other things: our operational performance and progress in our turnaround; our operational strategy, including our focus on live services, growth projections relating to our mobile forever franchises; our continued investment in game innovations; our plans to acquire and integrate additional games and IP assets; the success of new product and feature launches and other special events; our expectations regarding the advertising market, including anticipated trends in that market; our expectations in the mobile game industry, including anticipated trends in that market; our performance expectations regarding our legacy portfolio of web and older mobile games; and our ability to achieve financial projections, including revenue, bookings, income and margin goals.

Forward-looking statements often include words such as "guidance," "outlook," "projected," "intends," "will," "anticipate," "believe," "target," "expect," and statements in the future tense are generally forward-looking. The achievement or success of the matters covered by such forward-looking statements involves significant risks, uncertainties, and assumptions. Our actual results could differ materially from those predicted or implied and reported results should not be considered as an indication of our future performance. Undue reliance should not be placed on such forward-looking statements, which are based on information available to us on the date hereof. We assume no obligation to update such statements. More information about factors that could affect our operating results are described in greater detail in our public filings with the Securities and Exchange Commission (the "SEC"), copies of which may be obtained by visiting our Investor Relations web site at <http://investor.zynga.com> or the SEC's web site at [www.sec.gov](http://www.sec.gov).

In addition, the preliminary financial results set forth in this presentation are estimates based on information currently available to us. While we believe these estimates are meaningful, they could differ from the actual amounts that we ultimately report in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2018. We assume no obligation and do not intend to update these estimates prior to filing our Quarterly Report on Form 10-Q.

## OVERVIEW OF Q2 2018 PERFORMANCE

# Q2 2018 PERFORMANCE OVERVIEW

## KEY OPERATING METRICS

---

The company tracks operating metrics using internal systems which rely on internal company data and third party data. We rely on the veracity of data provided by individuals and reported by third parties to calculate our metrics and reduce duplication of data.

**DAUs.** We define Daily Active Users (DAUs) as the number of individuals who played one of our games during a particular day. Under this metric, an individual who plays two different games on the same day is counted as two DAUs. We use information provided by third parties to help us identify individuals who play the same game to reduce this duplication. However, because we do not always have the third party network login data to link an individual who has played under multiple user accounts, a player may be counted as multiple DAUs. Average DAUs for a particular period is the average of the DAUs for each day during that period. We use DAUs as a measure of audience engagement.

**MAUs.** We define Monthly Active Users (MAUs) as the number of individuals who played one of our games in the 30-day period ending with the measurement date. Under this metric, an individual who plays two different games in the same 30-day period is counted as two MAUs. We use information provided by third parties to help us identify individuals who play the same game to reduce this duplication. However, because we do not always have the third party network login data to link an individual who has played under multiple user accounts, a player may be counted as multiple MAUs. Average MAUs for a particular period is the average of the MAUs at each month-end during that period. We use MAUs as a measure of total game audience size.

**MUUs.** We define Monthly Unique Users (MUUs) as the number of individuals who played one or more of our games, which we were able to verify were played by the same individual in the 30-day period ending with the measurement date. An individual who plays more than one of our games in a given 30-day period would be counted as a single MUU to the extent we can verify that the games were played by the same individual. However, because we do not always have the third party network login data necessary to link an individual who has paid under multiple user accounts in a given 30-day period, an individual may be counted as multiple MUUs. Because many of our players play more than one game in a given 30-day period, MUUs are always equal to or lower than MAUs in any given time period. Average MUUs for a particular period is the average of the MUUs at each month end during that period. We use MUUs as a measure of total audience reach across our network of games.

**MUPs.** We define Monthly Unique Payers (MUPs) as the number of individuals who made a payment at least once during the applicable 30-day period through a payment method for which we can quantify the number of individuals, including payers from certain mobile games. MUPs does not include individuals who use certain payment methods for which we cannot quantify the number of unique payers. However, because we do not always have the third party network login data necessary to link an individual who has paid under multiple user accounts in a 30-day period, a player who has paid using multiple user accounts may be counted as multiple MUPs. MUPs are presented as an average of the three months in the applicable quarter. We use MUPs as a measure of the number of individuals who made payments across our network of games during a 30-day period.

**ABPU.** We define Average Daily Bookings per Average DAU (ABPU) as our total bookings in a given period, divided by the number of days in that period, divided by, the average DAUs during the period. We believe that ABPU provides useful information to investors and others in understanding and evaluating our results in the same manner as our management and Board of Directors. We use ABPU as a measure of overall monetization across all of our players through the sale of virtual goods and advertising.

**Payer Conversion.** We define payer conversion as MUPs divided by MUUs.

# AUDIENCE METRICS

IN MILLIONS

Footnote:

(1) We do not have the third party network login data to link an individual who has played under multiple user accounts and accordingly, actual DAU and MAU may be lower than reported due to the potential duplication of these individuals. Specifically, for the second quarter of 2018, DAUs and MAUs incrementally include *Daily Celebrity Crossword*, *Solitaire*, our Facebook Instant Games, the casual card games acquired in December 2017 and games acquired from Gram Games in May 2018; for the first quarter of 2018 and fourth quarter of 2017, DAUs and MAUs incrementally include *Daily Celebrity Crossword*, *Solitaire*, our Facebook Instant Games and the casual card games acquired in December 2017; for the second and third quarters of 2017, DAUs and MAUs incrementally include *Daily Celebrity Crossword*, *Solitaire* and our Facebook Instant Games.

# AUDIENCE METRICS

Footnote:

(1) For the second quarter of 2018, MUUs and MUPs exclude *Daily Celebrity Crossword*, *Solitaire*, our Facebook Instant Games, the casual card games acquired in December 2017 and games acquired from Gram Games in May 2018. For the first quarter of 2018 and fourth quarter of 2017, MUUs and MUPs exclude *Daily Celebrity Crossword*, *Solitaire*, our Facebook Instant Games and the casual card games acquired in December 2017. For the second and third quarters of 2017, MUUs and MUPs exclude *Daily Celebrity Crossword*, *Solitaire* and our Facebook Instant Games.

# MONETIZATION

Footnote:

(1) For the second quarter of 2018, payer conversion excludes *Daily Celebrity Crossword*, *Solitaire*, our Facebook Instant Games and the casual card games acquired in December 2017 and games acquired from Gram Games in May 2018; for the first quarter of 2018 and fourth quarter of 2017, payer conversion excludes *Daily Celebrity Crossword*, *Solitaire*, our Facebook Instant Games and the casual card games acquired in December 2017. For the second and third quarters of 2017 payer conversion excludes *Daily Celebrity Crossword*, *Solitaire* and our Facebook Instant Games.

## **GAAP TO Non-GAAP RECONCILIATIONS**

# NON-GAAP FINANCIAL MEASURES

---

We have provided in this presentation certain non-GAAP financial measures to supplement our consolidated financial statements prepared in accordance with U.S. GAAP (our “GAAP financial statements”). Management uses non-GAAP financial measures internally in analyzing our financial results to assess operational performance and liquidity. Our non-GAAP financial measures may be different from non-GAAP financial measures used by other companies.

The presentation of our non-GAAP financial measures is not intended to be considered in isolation or as a substitute for, or superior to, our GAAP financial statements. We believe that both management and investors benefit from referring to our non-GAAP financial measures in assessing our performance and when planning, forecasting and analyzing future periods. We believe our non-GAAP financial measures are useful to investors because they allow for greater transparency with respect to key financial measures we use in making operating decisions and because our investors and analysts use them to help assess the health of our business.

We have provided reconciliations of our non-GAAP financial measures used in this presentation to the most directly comparable GAAP financial measures in the following tables and elsewhere in this presentation.

Because of the following limitations of our non-GAAP financial measures, you should consider the non-GAAP financial measures presented in this presentation with our GAAP financial statements. Key limitations of our non-GAAP financial measures include:

- Bookings does not reflect that we defer and recognize online game revenue and revenue from certain advertising transactions over the estimated average playing period of payers for durable virtual items or as consumed for consumable virtual items;
- Adjusted EBITDA does not include, as applicable, the impact of stock-based compensation expense, acquisition-related transaction expenses, contingent consideration fair value adjustments, impairment of intangible assets, legal settlements and/or restructuring expense;
- Adjusted EBITDA does not reflect provisions for or benefits from income taxes and does not include other income (expense) net, which includes foreign exchange gains and losses, and interest income;
- Adjusted EBITDA excludes depreciation and amortization of tangible and intangible assets. Although depreciation and amortization are non-cash charges, the assets being depreciated or amortized may have to be replaced in the future; and
- Free cash flow is derived from net cash provided by operating activities less cash spent on capital expenditures.
