Explanation of Responses:

- Each restricted stock unit represents a contingent right to receive 1 share of the Issuer's Class A Common Stock upon vest.
- Represents shares withheld to satisfy tax withholding obligations in connection with the vesting of the restricted stock units described in Table II.
- 25% of the shares subject to the award vest on March 15, 2020, and 6.25% of the shares subject to the award vest quarterly thereafter, generally subject to continued service to the Issuer through each vesting date.
- Each PSU represents a contingent right to receive a share of the Issuer's Class A common stock based upon the achievement of a specified financial metric (the Issuer's annual operating cash flow). Once the number of earned shares (if any) subject to the PSUs have been determined, 25% of the earned shares will vest on March 15, 2021, and 6.25% of the earned shares will vest quarterly thereafter, generally subject to the reporting person's continued service to the Issuer through each vesting date. The number of shares reported herein is a target number, and the actual number of shares issuable pursuant to the PSU will range from 0-120% of the number of target shares.
- 25% of the shares subject to the award will vest on March 15, 2021, and 6.25% of the shares subject to the award vest quarterly thereafter for a period of four years after the commencement date, generally subject to continued service to the Issuer through each vesting date.
- The exercise price of each stock option is the closing sales price of the Issuer's Class A common stock on the NASDAQ Stock Market on March 13, 2020 (the most recent prior trading day prior to the time of grant).
- Each PSU represents a contingent right to receive a share of the Issuer's Class A common stock based upon the total shareholder return (TSR) of the Issuer's Class A common stock relative to the S&P MidCap 400 Index. The PSUs are divided into two equal tranches, with performance periods ending December 31, 2021 and 2022. Once the number of earned shares (if any) subject to the PSUs have been determined for each tranche, that tranche will vest in three equal installments on March 15th of the year following the applicable performance period and each anniversary of such date, generally subject to the reporting person's continued service to the Issuer through each vesting date.
- The number of shares reported herein is a target number, and the actual number of shares issuable pursuant to the PSU will range from 0- 150% of the number of target shares. Earning the target number of shares requires performance at the 60th percentile level. If the Issuer's TSR is negative, no more than the target number of shares may be earned, even if relative TSR is at the 100th percentile of the index.
- 5% of the shares subject to the award will vest on November 15, 2021 and each quarter thereafter for a period of five years after the commencement date, generally subject to continued service to the Issuer through each vesting date.
